Adrian

FLOYD W. COX, W8IUC
697 Lake Pleasant Road
Rt. 1 Oshtemo, Mich.

All contributions to the bulletin should be sent to the Editor, W8EYH.

EDITORIAL NOTE: This is our first poor efforts at the job of getting out a bulletin for the Adrian Amateur Club. We hope to do better as time goes along. Suggestions will be appreciated. Also contributions such as articles for the paper.

LAST MEETING: A picnic, in place of the regular meeting was held at Cletus Brooks home and everybody who attended had a wonderful time. Those who weren't there missed a good time and good eats. The home made ice cream was out of this world. Phil Smith gave a wonderful demonstration of RC model plane flying. He made several flights with high perfect results. Many thanks to Cletus for the use of his place for the meeting. The new garage was a perfect place for it. Also many thanks to all those who worked hard to make the picnic a success that it was.

NEXT MEETING: It will be held, as usual, at the Recreation Center but one week later than usual because of Labor-Day week end. It is again time to Nominate officers for the coming. This will be done at the next meeting so come one, come all. **SEPTEMBER 8, 1972 at 8:00 PM.** Coffee and Rolls will be served. Plenty of time eye-ball QSOs.

CLUB ACTIVITY: A new club net has been started on ten meters and has been in operation for some time. It is an informal net and operates on 28.6 MHz at 9:00 PM Sunday evening. Everyone is welcome to join in.

There is more and more activity on 2 Meters (the FM section, I mean) with the advent of new gear with exotic little features, compactness and lower prices. The ability to contact your friends at almost any time and to work 2 meter DX through the repeaters has never before been equaled in Ham Radio. See you on 2 meter FM.

Send all contributions to the TICKLER to WHITE, Ed.
